COMMENTS FROM THE TOWN MANAGER'S OFFICE

On March 13th notices were mailed to all persons who had not paid their 1960 taxes in full. The response was good, but could have been better. On April 12th ten day demand letters were sent by Certified Mail to twenty one persons owing poll or personal property taxes. If not paid within the ten day period action will be taken by issuing a warrant and summons, trustee of wages, or bringing suit, which ever is deemed the most expedient in each particular case. In sixteen out of the twenty-one cases the amount due is less than \$10.00 per case. When necessary to take legal action the minimum cost to the taxpayer is \$3 in addition to the amount of tax due.

Your attention is called to Sec. VIII of the Zoning Ordinance as follows: "No person shall commence to erect or make major alterations to any building until the Inspector of Buildings shall have issued a Building Permit specifying the use to which the premises may be put." If anyone is planning repairs, alterations, or installing a bathroom or furnace, a phone call or visit to the Town Office will determine whether or not a building permit is required. The penalty for failing to comply is a fine not exceeding \$50 for each day a willful violation occurs.

Sincerely,
Harold L. Bean

COUNTRY FLAVOR

APRIL DAWN

To him who is sensitive to the world in which he lives, there is poignant beauty when Night rears its dark curtain and light spreads over the hills and fields, upland pastures and mountain heights.

In summer or autumn, in the heart of winter or the spring of year, each dawn is a resurrection. Each new day gives a man a chance to write his record on a clean page.

Perhaps an April dawn is richer in meaning because the time of winter is past and the voice of the dove will soon be heard in the land. It may be that the human heart is hungry for the fulfillment of the promise that has never failed.

As the sun, pale gray on Day's frontier changes to full light on the eastern horizon, the sun's colors in the sky paint a flaming picture with soft pinks and purples, saffrons and oranges, steel grays and blues. Sometimes, just after the sun has lifted into the sky, there is a poignant moment when blue and amber, deep maroon and royal purple burn green briefly and quickly fade.

Minute by minute, the increasing light creeps across the landscape. Houses and barns, trees and fences, silos and grain elevators are starkly silhouetted. In those first few moments one is reminded of the harsh reality of a Grant Wood painting. Each day brings its dawn, each day men rise from their rest and go forth to their labors. All dawns are meaningful, but we wish all men would rise early on a fourth month day and watch the beauty of light illumine the land.

understand why the Gould senior play, "The Loves of Dobie Gillis" to be presented May fifth, should produce gales of laughter as its three acts unfold.

Twice-a-day rehearsals are being relaxed this week, in preparation for final drive and polish during the remaining days. Dress rehearsals will occupy much of the last week, as the twenty-four members of the large cast prepare for the "big night," one of the highlights of their last year at Gould.

A ticket committee under the leadership of Merry Ring is canvassing the town; there are no reserved seats; general admission tickets may also be purchased in advance at Bossermans' Drug Store, and at the door on the evening of the performance, Friday, May fifth.

Thursday, April 20

Read Isaiah 55:6-13; Psalm 24
Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart; who hath not lifted up his soul unto vanity, nor sworn deceitfully. (Psalm 24: 3, 4.)

We soon become like our daily companions. Since our thoughts are our closest companions, the only way to live a clean life is to cultivate purity of mind and heart. As a man "thinketh in his heart so is he." We read in Proverbs, "The thought of foolishness is sin." Isaiah holds out the hope to us that God will forgive the man who forsakes his sinful way and his unrighteous thoughts.

An air conditioner can change the air in a room by drawing out stale air and bringing in fresh, pure air. Thus the atmosphere of the room is changed.

Changing impure thoughts for pure thoughts can alter life. We can fill our minds with the teachings of Christ. Before we know it, our lives will be free from anxiety and worry. We know the peace which comes from inner confidence. We shall have the power that comes to those who are at peace with God, with man, and with themselves.

PRAYER: Our Father, we pray that Thou wilt cleanse our thoughts of doubts, worries, and fears. Fill our minds with thoughts of Thee, that we may be pure in heart, clean in mind, and Christ-like in our living. In Jesus' name. Amen.

Don't blindfold him!

The man in this picture is a cancer research scientist. The device he is using looks like something out of science fiction—but actually, it's an electron microscope. It shows the sub-microscopic detail of a cancer cell—magnified 100,000 times.

The cost of one electron microscope is \$35,000. Some of the equipment needed for cancer research is even more expensive.

Today, in research centers throughout the country, 1300 scientists, supported by American Cancer Society funds, are at work searching for the cause of cancer—and, ultimately, ways to prevent it.

The American Cancer Society grants millions of dollars for research on such projects as the study of viruses as a possible cause of cancer—the development of hormone treatments for cancer—the control of cancer by drugs. Life-and-death projects.

Your help is needed to enable the American Cancer Society to continue this support.

Don't blindfold cancer research. Give to it. Send your contribution now, to your Unit of the American Cancer Society. All gifts are tax-deductible.

NEWEST NEATEST way to paint!

Here, from Du Pont research, is a wonderful new way to paint! New Du Pont "Lucite" Wall Paint gives walls and ceilings a rich, flat finish...with none of the nuisance you've known in the past...with less time getting ready and cleaning up afterwards! Easy-to-use "Lucite" Wall Paint dries in 30 minutes, will give years of service and take repeated washing!

No stirring!

Just open the can and start painting. Spreads amazingly easily with brush or roller.

Doesn't drip or spatter

like ordinary paint. Creamy-thick "Lucite" Wall Paint stays on walls and ceilings, off clothes and hands.
